I. Introduction

The Louisiana Balance of State Continuum of Care (LA BOSCO) is Louisiana's largest coalition to end homelessness. This document is part of a series related to the LA BOSCO's local competition for funding under the Continuum of Care (CoC) Program's Notice of Funding Opportunity (NOFO) for Funding Year (FY) 2022. For more information, including other documents in this series, please visit the LA BOSCO's website at <https://laboscoc.org/fy22-coc-program-competition>.

The LA BOSCO uses standardized scoring tools and procedures to rate, rank, and select projects submitted for inclusion in its consolidated application to the FY 2022 CoC Program NOFO. This document contains three elements of that process:

- **The New Project Scoring Tool**, which defines the metrics against which renewal projects are assessed;
- **Additional documentation**, which describes additional documents that project applicants must submit to earn points under certain scoring criteria;
- **Detailed instructions** regarding each metric.

The LA BOSCO scores projects according to this document and therefore encourages applicants to incorporate this document into their project design and application creation processes.

All information about the LA BOSCO's local competition, including the scoring tools, will be published to its website at <https://laboscoc.org/fy22-coc-program-competition> and via its email distribution list. [Click here to subscribe to the LA BOSCO's email distribution list.](#)
